

St. John's Celebrates Earth Day 2010

Every day is Earth day!

But the official celebration of our blessed earth is on April 22.
St. John the Baptist students will be celebrating

by having a
"NO GARBAGE" lunch.

What is a "NO garbage" lunch?

It is a lunch that produces *nothing* that needs to be
"thrown away"

(NO garbage! Where *is* "away"? What *is* "away"?)

Please pack all food items in a reusable container.

No plastic baggies! Cloth napkins only, drinks should be in a reusable or
recyclable container.

(NO juice boxes or pouches. PLEASE!)

You will need to bring your lunch in a lunch box or reusable bag or basket.
If you ordered lunch from Frankie's they are packing it in a recyclable manner.

We've got His whole world in our hands!
